## BOARD of DIRECTORS MEETING AGENDA ITEM COVER SHEET

Board Meeting Date:<br>Prepared by:<br>Ken Witt<br>Title of Agenda Item:<br>(III. A) Request for Proposal Update<br>Item Type: X Action<br>$\square$ Information<br>Discussion<br>\section*{Background Information, Description of Need:}<br>In alignment with the Education reEnvisioned Mission and Vision, an element of being a "welcoming host to innovative, exceptional programs and schools" is to welcome such. One avenue of welcoming such is to solicit school proposals that deliver education models which the parents of our community seek. An RFP with proposed school models was authorized to be issued in the November board meeting, with feedback on the models gathered in December.

## Relevant Data and Expected Outcomes:

An RFP for new school proposals, including both some specific ideas and an open solicitation issued in January for response by end of February. Response has been obtained from an additional school: Ascent Classical Academies homeschooling program. In addition, Renaissance Homeschool Academy has withdrawn their application.

## Recommended Course of Action/Motion Requested:

A motion is requested to authorize proceeding with consideration and evaluation of Ascent Classical Academies homeschooling program proposal.

## PPOS Graduation Data by Cohort Year and School Enrollment Year

The following chart explains the graduation data for PPOS. The numbers highlighted in blue are the student's cohort year. The cohort year is defined as the year the student should have graduated based on the year that the student started $9^{\text {th }}$ grade. A cohort year of 2019 means the student started $9^{\text {th }}$ grade in 2016. The number under the cohort year is the year that the student enrolled in Pikes Peak Online school. Additional explanation: When looking at the 2019 cohort year, we had 4 students graduate in January. When reviewing the enrollment year of the students, 2 students enrolled in 2017 and 2 students enrolled in 2018.

Board Meeting Date:<br>April 16, 2019<br>Prepared by:<br>Annette Ridgway<br>Title of Agenda Item:<br>(IV.G.) Budget Planning<br>Item Type: $\quad \square$ Action $\square$ Information X Discussion

## Background Information, Description of Need:

CRS22-44-108c that requires that the Board of Education receive a proposed budget "at least thirty days prior to the beginning of the next fiscal year". This page serves as "first steps" in developing a 2019/2020 proposed budget.

## Relevant Data and Expected Outcomes:

Budget planning is driven by 2 components of funding: 1) student count, and 2) PerPupil Revenue (PPR). K12 has provided 2019/2020 projected student count of 2,743. This represents a $14 \%$ increase over 2018/2019 and is on-trend with prior years. The administration is projecting a $2019 / 2020$ PPR of $\$ 7,753$, a $4 \%$ increase over 2018/2019. 4\% PPR increase is based on 5-year trend.

Projected increases in student count and PPR would result in a funding increase over 2018/2019.

## Recommended Course of Action/Motion Requested:

Bring any questions to the table and provide any collaborative guidance to staff regarding budget planning and funding projections for 2019/2020.

Title of Agenda Item: Board Report

Item Type: $\quad \square$ Action $\quad \mathbf{X}$ Information $\quad \square$ Discussion
(Report)
Induction Program Mentor Training- The last mentor training for the mentors in the induction program will be completed this month. A review of the induction program and areas that need to be improved for our program next year will start in May.

Special Program Updates- Special Program meetings with Nicole Tiley, Head of School for K12, have been occurring consistently and frequently. The agenda of these meetings consists of program improvements noted in the January site visit report and to get set up for the start of our Administrative Unit (AU).

CDE Site Visit- The Colorado Department of Education (CDE) completed the non-mandatory site visit on our Colorado Preparatory Academy (CPA) Elementary and Middle School. The visit went well, and Nicole and I are anxious to see the report. We were hoping that we would get the report in time to incorporate some of their feedback into our school Unified Improvement Plans (UIP), but the timing will not work for us to be able to do this in our UIPs due this month.

AEC Site Visit- The CDE completed the Alternative Education Campus (AEC) site visit on Pikes Peak Online School (PPOS). This site visit went very well and there are only three recommendations for the school from the site visit:

1. Clear Graduation Pathways
2. Intervention and Recovery Options
3. Rigorous and Evidence-based Instruction

UIP Update- The Unified Improvement Plans (UIP) for all of our schools were submitted through the online system by the due date.

Application Review Update- The applications for new school and program proposals are still in the review process.

Plan Review- The review of each school action plan goal has been completed for Q3. Nicole and I have reviewed the action plan together and discussed the celebrations and areas that still need improvements. The review is attached below.

## State Testing, Professional Development, and Community Events

State Testing
Students in grades $3^{\text {rd }}$ through $8^{\text {th }}$ are taking the CMAS assessments in English and math during April. Our $9^{\text {th }}$ and $10^{\text {th }}$ graders are taking the PSAT. We have $99.3 \%$ of our families confirmed to participate in testing or have completed an opt-out form. We are testing at 17 locations throughout the state of Colorado.

## Professional Development

K12 Academic Excellence Framework Workshop Sessions
K12 is hosting workshop sessions for administrators and teachers to support the implementation of the Academic Excellence Framework. The sessions held in April will focus on Vertical Alignment and Instructional Mapping, Structure of a Targeted Session, and New Teacher Training.

State Visits with School Works
CPA elementary and middle school participated in a Colorado Department of Education State Review Panel site visit. The SRP site visit was in partnership with School Works-an education consulting organization. The site visit purpose is to gather on-site evidence on the school's program and operations in the areas outlined in the Education Accountability Act. The site visit team will provide a written report based on the Education Accountability Act.

AEC Diagnostic, Exploration and Improvement Planning Pikes Peak Online School was selected to be in an AEC Diagnostic Review Pilot. The CDE team conducted a site visit, completed a report, provided recommendations, and shared resources that the school can access to support students. The PPOS team also had the opportunity to visit another AEC school. The team learned new ideas and strategies to implement with students. It was a great opportunity for the PPOS leaders and staff.
